- **WHY**

New Jersey's incomparable horticultural institutions are places where people can experience nature and appreciate our rich historical and always growing works of landscape art - and they all need our help. The event's second annual beneficiary is New Jersey's Keep it Green Campaign. Their mission is to secure a long-term stable source of funding for the acquisition of open space, farmland and historic sites as well as the capital improvement, operation, maintenance, and stewardship of state and local natural areas, parks and historic sites in New Jersey. This work is guided by the belief that every New Jersey resident deserves well-maintained, accessible neighborhood parks, wildlife areas and historic sites.
